

## REMARKS

In the Restriction Requirement, the Examiner required that Applicant elect one of the following inventions:

- Group I: Claims 1-14 and 20, drawn to feed compositions comprising fatty acids and a lipolytic enzyme.
- Group II: Claims 15-16 and 21 directed to the use of a feed composition for a medicament.
- Group III: Claims 17-19 directed to the use of a feed composition as a feed supplement.

Applicant elects the Group I (claims 1-14 and 20) for further prosecution in this application. Claim 21 has been amended to depend from claim 20 and therefore now falls within the Group I claims. Claims 15-19 are withdrawn from examination in this application.

Applicant does not believe that any fees are due at this time; however, should any fees under 37 C.F.R. §§ 1.16 to 1.21 be required for any reason relating to this document, the Commissioner is authorized to deduct the fees from Howrey Simon Arnold & White, LLP Deposit Account No. 01-2508/13475.0003.PCUS00.

The Examiner is invited to contact the undersigned attorney at (713) 787-1438 with any questions, comments or suggestions relating to the referenced patent application.

Respectfully submitted,
